# Foreword from CEO

We have been established since 1997 and our brand, AER, has strived in Indonesian sanitary market for more than 25 years. Now, we are one of the leading sanitary-ware companies in Indonesia with the most complete range of quality products and sustainable development of design & technology.

Our main focus is to have a commanding position within Indonesia market. To achieve that position, we have been built by high standard quality through doing many research and development, implementing excellence quality service, and building long term-relationship with our loyal customers.

Quality is our foremost priority, and we leave no stone unturned in ensuring that our products meet the highest standards before they reach our customers. Our sanitary products hold prestigious certifications from both PUB of Singapore and SNI, affirming that they have successfully passed rigorous tests for mechanics, product performance, and are entirely free from harmful chemicals.

In our relentless pursuit of customer satisfaction, we stand by our products with confidence. We offer an extensive five-year flushing system warranty for our one-piece toilets and a one-year warranty for our two-piece toilets. Additionally, we prioritize convenience and reliability by guaranteeing the availability of spare parts and establishing representative service centers in major cities across Indonesia. At AER, we're committed to not just meeting but exceeding our customers' expectations.

In everything we do, customers are always at the top of our mind. Therefore, we are committed to provide the finest quality products by giving high innovative design and technology, as well as keep focusing our product standard that lead to our main goal, which to ensure that AER is improving the Quality of Life for our customer.

My warmest greetings for all of you, my current and future customers who enjoy this catalogue.

**Steven P. Sutiono**  
CEO & Owner of AER

# AER History

**1970**

Sutindo Group is initially founded by Nanang Sutiono in Pegirian area, Surabaya - East Java, which now is the holding company of AER.

**1998**

Entry into brass fittings market, AER introduces first brass fittings with OV Series.

**2016**

AER spreads its product line up through ceramic products, such as wash basin.

**1997**

PT. Anugrah Ekstravisi Raya is established by Bo Roby Sutiono, entering sanitary wares as AER in Indonesia's market.

**2017**

Certified in SNI for toilet products. Joining IndoBuildTech Expo for the first time. Opening AER first showrooms in Pakuwon Trade Center, Surabaya and Mega Glodok Kemayoran, Jakarta.

**2018**

Begins export operations through Singapore market & certified in PUB Singapore National Water Efficiency.

The company PT. Anugrah Ekstravisi Raya, was initially founded in 1997 by Mr. Bo Roby Sutiono and operates under two superior brands which are AER and AIR. Since then, PT. Anugrah Ekstravisi Raya has grown from strength to strength and expanded it ranges of products to become one of Indonesia's industrial leaders in sanitary wares.

**2019**

Introducing Quality of Life as AER Core Value..

**2022**

Celebrates 25 years of presenting high-quality sanitary products and it's innovative design with a strong focus on customer satisfaction.

**2024**

Unveilling elegance closer to you. We are expanding in Indonesia's biggest design & lifestyle expo, Indonesia Design District. AER Experience Center is also coming to Bali, where our high quality product blends with beauty of nature.

Present

**2020**

Opening AER Experience Center in Pakuwon Mall HomePro, Surabaya.

**2023**

Opening AER Experience Center at MOI Jakarta, where you can immerse yourself in the world of AER's premium products through hands-on experience.

# Quality of Life

For more than 25 years of journey, giving a better Quality of Life has become our core value. As the basis of our company motto strives to transmit, it denotes the purpose of our existence, business fields, and the desired image for all of our stakeholders. We serve to give our customers full satisfaction, comfort, and convenience when AER involves in their life.

Our company is dedicated to take care customers journey. From the initial purchase until they get used to AER products at their home, we ensure customers will have a better lifestyle through our good quality and reliable products.

Bathroom is a room beyond bathing & showering. It's the place of entertainment & leisure. Kitchen is where everyone who loves to cook and engage in kitchen activities find their love and inspiration. Through AER products, we commit to give our customers the best experience and feeling while doing their kitchen & private bathroom activities. We also complete our customers satisfaction by providing superior service and rapid after-sales services on top of severe quality products.

# Product Excellences

### Finest Material

Our product is equipped with the high-class brass material to provide maximum product longevity. With at least 59% of brass, we ensure our faucets deliver the water clarity from source. We also use superior quality for chrome coating with over 0.15 – 0.35  $\mu\text{m}$  and nickel coating 8 – 12  $\mu\text{m}$ . Therefore, our product has passed the salt spray test with stand a life over 200 hours to prove maximum corrosion resistance.

### Ceramic Cartridge

We use precision and durable ceramic cartridge to resist high temperature, abrasion, and hazardous chemical property. With well-known cartridge brands Sedal and Hent, our cartridges provide remarkable anti-leakage mechanism supported with smooth switch. The endurance of our cartridge is up to 200.000 cycles, with maximum temperature of 90° C, and maximum pressure up to 7 kg/cm<sup>2</sup>.

### Chrome Plating

A chrome surface increases the hardness, durability, and corrosion resistance of a surface, while also creating a shiny and smooth surface that is easier to clean. It also provides a bright and appealing finish and shining plating is the perfect solution for years of reliability.

**NEOPERL® Aerator**

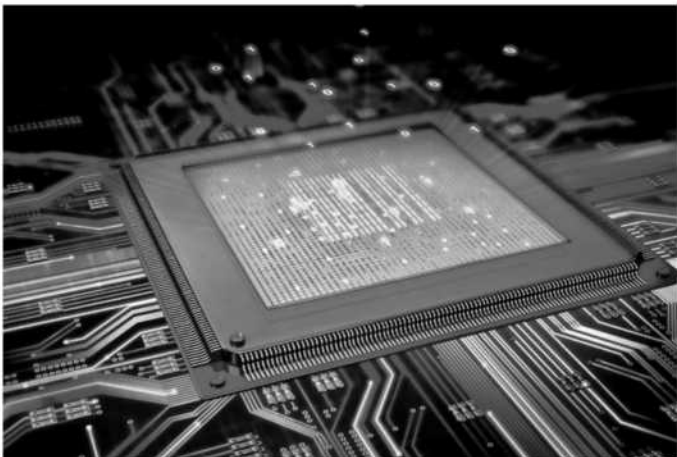

Our products use worldwide aerator brand called Neoperl for full experience of comfort and utilization. As for the advantages of Neoperl aerator; providing precision water stream straightness and diameter, reducing splash by aerating stream and eliminating side spray, also saving water and energy costs.

**Sensor Technology**

Using proximity sensor and mechanism to accurately response to the presence of hand or in close proximity. AER Sensor products also using Microcomputer Control Technology that offers severe microcomputer control technology which able to precisely measure the duration and frequency of use, with an accurate volume of flush.

**Flexible Hose**

Using the latest technology, our flexible hose has been proven to be the finest in the market. Our inner hose is protected by knitted nylon for excellent anti-leakage pressure resistance, then covered with stainless steel 304 and brass nut for the thread.

# PUB Singapore's Quality Standards

Quality becomes AER's priority to meet customer satisfaction & lead to loyalty. Therefore, AER's products already tested by Singapore Laboratory Services and approved by Singapore's National Water Agency, start from the material, finishing, until the performance to prove that AER has high quality standard.

Tested by:

Approved by:

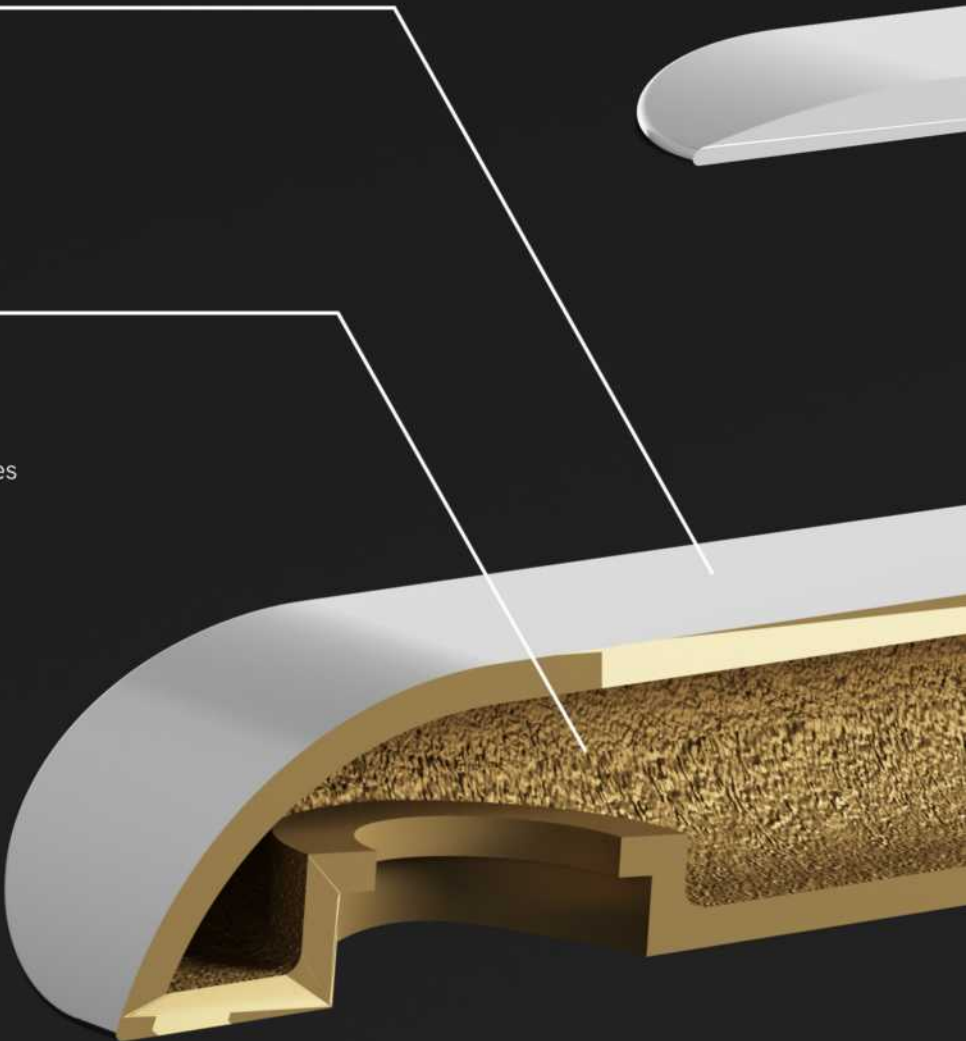

## Finishing Test

- ✓ Corrosion Resistance Test, no defect on exposed surfaces
- ✓ 200 hours Salt Spray Test

## Material Test

- ✓ No Odour and Flavour of Water
- ✓ No Change in Appearance of Water
- ✓ Ungrown Aquatic Microorganisms
- ✓ Non-hazardous chemical & metal exposures

# Performance Test

- ✓ Leaktightness Test
- ✓ Pressure Resistance Test
- ✓ Hydraulic Test with average of ✓✓ to ✓✓✓
- ✓ Mechanical Strength Test through Torsion Test
- ✓ Mechanical Endurance Test
  - Mixer Faucet 70.000 cycles (equal to 3.8 years, assumption of 50 cycles / day)
  - Cold Faucet 200.000 cycles (equal to 10.95 years, assumption of 50 cycles / day)

Standard BS200: 2008

# Fitting Products Advantages

As a result of 25 years journey, we present to you the latest and advanced technologies. Our products are easy and comfortable to use, stable in quality, and efficient in energy. Each of our products represents perfect combination of quality, design, and technology.

### Export Quality

Products have been certified to export through worldwide market.

### NEOPERL® Aerator

Our products use worldwide aerator brand called **NEOPERL** for full experience of comfort and utilization.

### Temperature control technology

Easily adjust the water temperature.

### 5 Years Warranty

5 years ceramic cartridge leakage warranty.

### Sensor Technology

Using proximity sensor and mechanism to accurately response to the presence of hand or in close proximity.

### Touch Technology

With a touch of button you can just override the water output.

### Microcomputer Control Technology

Our sensor offers severe microcomputer control technology which able to precisely measure the duration and frequency of use, with an accurate volume of flush.

### 1 Year Warranty

1 year Sensor Module & Solenoid Valve warranty.

### Pull Out Faucet

Using long flexible to pull out the faucet.

### 360° Rotate

AER Kitchen faucet can be rotated 360 degrees.

**3 Years Warranty**

3 years closet shower head leakage warranty.

**Anti-twist**

No more tripping hazards. The hose does not twist and remains flexible for every application.

**Knitted Nylon Technology**

Excellent anti-leakage and pressure resistance inner hose.

**EPDM Material**

Using finest high density synthetic rubber EPDM material for great pressure resistant and lead-free.

**Hot Water Resistance**

Applicable in high temperature water (maximum 90° C).

**Easy to Clean**

Soft rubber nepple helps to clean effortlessly.

**Smell Proof Strainer**

Prevent any bad smell and water waste.

**Insect Proof Strainer**

Prevent any insect.

**Double Side Strainer Cover**

Fit your taste with double sided cover.

**PUB Certified**

Certified for water efficiency performance from Singapore's National Water Agency.
