ADVANCED MANUFACTURING TECHNOLOGY

Our quality is not only due to its excellent functional design, but also from advanced manufacturing techniques. The application of fully automatic intelligent manufacturing enhances quality further, improves accuracy and stability of products, bringing ongoing product reliability and great user experience.

Italian IMR gravity casting to produce fine faucet bodies in whole piece with smooth inner surface and high density of brass.

Automatic CNC machining centers to ensure high precision of inner structure.

80% of the machining procedure done at one setting due to efficient computerized programming and large capacity of the tool magazine.

Automatic robotic polishing to guarantee a perfect finish on every product.

Automatic plating lines to ensure the stability of the highest quality product finishes that can never be achieved using manual methods.

OIL RUBBED BRONZE

Series

PALOMA 104

What kind of color can adapt to the popularity of the era, but not fade over time?
This thinking caused us to test all sorts of colors in the laboratory. **PALOMA** ORB
finish was then born. The Liberty ORB products extent the classical design, exquisite
and luxurious as the palace, and derive the rich cultural connotation, giving a kind of
temperament and accomplishment to the modern life.

Rainshower

Infused with plenty of air, plump water drop, soft touch, and mild-rain-like feel of showering.

Handshower

Energetic water drop, free to wash any areas of the body, make your shower more pleasant.

Side spray

Strong and powerful massage water outlet, set up with the most comfortable pouring angle according to the ergonomics.

Rainshower + side spray

Place yourself in the fun of showering, wash off your exhaustion, give you vitality or make you feel relaxed.

Handshower + side spray

Combination of soft water flow and dynamic water flow, makes the showering more colorful.
