

PMJ MOSAIC - AGUSTUS 2023

About PMJ

PT. PADI MULIA JAYA (PMJ) - established in 2006 in South Tangerang, Banten, Indonesia.

We sell and distribute a variety of granite tiles, mosaics, natural stone, and accessories in various models, sizes, and colors with the best quality, as well as the beauty value contained therein.

PMJ Mosaic is committed to being your mainstay, by providing the best service, quality and innovative products.

All products from PMJ Mosaic are made directly by professional hands with the support of machines that make it efficient.

The existence of PMJ Mosaic products in your home or office, of course, can add a unique, ethnic, and natural impression, which can provide inspiration in your life.

Product Advantages

- 1. The color gradation is more diverse*
- 2. Precision in size*
- 3. Looks Unique and Natural compared to using artificial natural stone ceramics*
- 4. Has a variety of motifs, sizes, and designs*
- 5. Can give the impression of Cool, Beautiful, Natural, Sturdy and Strong at home so that it inspires.*

How to Install PMJ Natural Stone

Check the mosaic tiles before installing

Install the mosaic using tile adhesive or mix it up cement-sand ratio 1:1

Pay attention to the position of the mosaic at the time of installation to avoid being disconnected from the network

Fill NAT with special ingredients that are widely sold in the market (Wall Cladding does not need to be NAT)

Make sure the surface is flat, not bumpy

Immediately clean the mosaic from dirt used by cement, after installation

Coating with clear matte or clear glossy which is widely sold on the market according to taste

How to maintain PMJ Natural Stone

Wash natural stone with water with the help of a brush/ brush

Check the coating layer on the natural stone, if it is peeled off, it can be given another coating

After the natural stone surface is cleaned then dry immediately with a soft towel.

Also consider installing marble and granite shields available in hardware stores to minimize the potential for surface damage.

WALL CLADDING SERIES

Size: 210mm x 430mm
Box: 6 pcs (0,5 m2)

WALL CLADDING
ALASKA

Size: 200mm x 400mm
Box: 6 pcs (0,5 m2)

WALL CLADDING
