6TH EDITION RAFES CATALOGUE

Expertize in Building Hardware

Worldwide well-known brand

RAFES exclusive brand is specialized in building hardware products; such as locks, handles, hinges, bolts and other door & window accessories.

Since introducing this brand to Indonesia market in 1997, we are very glad to find that we have got a very high level of support, satisfaction and trusty from Indonesian builders.

The main concern of our brand is the quality, in which we do put a large portion of attention and control on material and mechanic of the chosen products. This is to make sure that the chosen products will provide a long service function, durable and reliable.

In the future, in order to satisfy the demand of modern builders we will always continually develop new models and try to offer better products and prices.

Our building hardware will always work hard to ensure that the RAFES brand will always be in a right track and leading in building hardware products.
