# Mengapa Harus lemari es **SANKEN**?

## Dinding Lebih Tebal & Padat

Kompresor bekerja Lebih Efisien, menjaga dingin Lebih Lama & Hemat Listrik

## "C" Shape Freezer Evaporator

Freezer Lebih Cepat Dingin & Lebih Cepat dalam proses membekukan makanan sehingga penggunaan listrik menjadi lebih efisien

## Flat Metal Back Cover

Lebih aman dari resiko kebakaran & hemat ruang untuk menempatkan kulkas

Lemari Es Sanken meraih skor rata-rata Running Ratio 36%. Artinya, lemari es Sanken lebih cepat dingin, suhu dan kesegaran makanan lebih terjaga, kompresor bekerja lebih singkat dan paling hemat energi.
