TACO Group is a leading provider of interior solutions. As one of Indonesia's largest High-Pressure Laminates (HPL) manufacturer, our continuous investments in innovation and operation maintain the recognition of TACO as a premium national brand. With a solid reputation and adoption in the market, TACO has grown to be the most recognized company for surfaces in Indonesia.

Our extensive offerings from HPL, flooring, hardware and adhesive products provide accessible and high quality solutions for beautiful interiors and spaces. We always pride ourselves on our quality, service, and wide selection of product lines, and our sales consultants are trained as experts to provide creative solutions to our clients and ensure that every product meets their needs.

Let TACO be a part of your creative journey today.
Make that change.

CLEAN TOUCH

BASIC PRODUCT

CLEAN TOUCH

A new and progressive generation of solid colors instilled with German micro contour surface technology is delicate to the touch and durable in actuality. Clean Touch HPL is non-reflective, fingerprint resistant, and possesses astonishing self-restoring properties for minor scrapes and scratches.

TACOMPACT BOARD

With great precision and care, our TACOMPACT boards have been created to be highly durable and rigid. Advanced moisture-resistant and impact-resistant technology allows TACOMPACT boards to be suitable for areas where a higher degree of durability is required such as toilet cubicles, partitions, protective wall claddings, wet rooms, and high-impact countertops. For versatility, our TACOMPACT boards are available in both ready stock and custom order.

LAB GRADE

Lab Grade HPL is intrinsically hygienic due to its density and ability to be easily sanitized. The inhibition of bacterial growth and the reduction of 99% bacteria within 24 hour has been established with Antibacterial Lab Grade Laminate. Its special German nano silver ion technology has been certified by the Japanese Industrial Standard (JIS Z 801)-a product test for antimicrobial activity and efficacy.

The progressive technology combined with its chemical resistance makes it suitable for hospitals, labs, schools, gyms, and restaurants.

POSTFORMING

Our postforming grade laminate is a perfect combination of slenderness and elegance. Crafted with high resin technology, its flexibility eliminates sharp edges and allows for it to be easily molded. Bendable up to an impressively small 7mm radius our postforming HPL allows furniture design to reach limitless creativity.

MAINTENANCE MANUAL

PRECAUTION

HARSH CHEMICALS

Harsh chemicals and acid-based cleaner such as oven cleaner, rust remover or drain cleaner may scratch and discolor the HPL surface. Any spill should be removed immediately, rinsed and wiped dry.

HOT OBJECT

Exposure to high temperature object or heat-generating appliances may damage and discolor the HPL. Use protective insulation pad between the hot surface and HPL.

SHARP OBJECT

Avoid using knives or other sharp objects directly on the HPL surface. Always use cutting/chopping boards to protect the laminate surface.

IMPACT

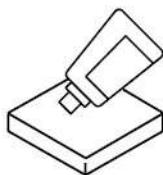

Excessive impact from dropping heavy objects on the HPL may cause dents, cracks or chipping.

CLEANING PROCESS

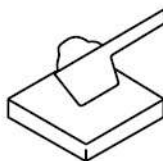

DAMP CLOTH/ SPONGE

To clean the HPL surface, use a damp cloth or sponge with clean water.

DISH SOAP/ MILD DETERGENT

More difficult stains such as coffee or tea can be cleaned using melamine sponge and dish soap or mild detergent.

BAKING SODA

If stain persists, use a little of baking soda and water, then scrub lightly using a soft bristled brush. However, excessive scrubbing may damage the decorative surface, especially those with gloss finish.

- TACO HPL are 1220mm x 2440mm x 0.7mm unless otherwise stated.
- TACO HPL are recommended for interior use only.
- All specifications are subject to change without prior notice.
- The samples shown are only indicative of the color shade and textures.
- Customers are advised to reconfirm the color at the time of ordering.
- Please inspect all products purchased before installation.

Disclaimer

TACO only covers faults in the laminate product itself, and not after it has been processed into secondary product.
Color may differ slightly from samples due to different production lots and this should be considered normal.

PVC SHEET

TACO PVC Sheet is a decorative laminate that can be used to enhance the look of furniture cabinets, wall panels and doors. Combining both inspirational and timeless looks, our PVC Sheet collection comes in a variety of textures and patterns.

The flexible feature makes it suitable to be applied on curved or profiled surfaces. Available in a roll format of up to 100 meter length, our PVC Sheet can be easily and seamlessly applied on long panels.

HPL/PVC Sheet

Vinyl Flooring

Carpet

Foam

Leather

Rubber

PVC BOARD

TACO PVC BOARD NEW

TACO PVC Board is a lightweight and rigid form of expanded foam polyvinyl chloride. TACO PVC Board is a plywood product substitution with much better performance such as fire resistance, smooth surface (sanding is unnecessary), and non-toxic. It is commonly used for interior and advertisement purposes such as kitchen set, toilet cabinet, decorative wall partition, display rack, signage, and more.
