Spanish Quality Cartridge

All Valpra Inner Cartridge is made of premium quality similar to Spanish Made Cartridge to control inflow and outflow of water.

Premium Quality 100% Brass

All Valpra Core Faucet Body is made from Premium Quality 100% Pure Brass

Airpower Aerator Technology

The "Go Green" Technology where every flow of water is combined with Subtle Airflow creating stronger water pressure with lesser water consumption

Diamond Chrome Coating

Every Chrome Colour Valpra Products use Diamond Chrome Coating process with thick chrome layer electroplating to produce extra glossy and surface protection

Premium Stainless Quality

Valpra Products only use a mixture of premium stainless quality together with fine brass material

Stain and Chemical Resistant

Valpra Products have an extra layer of chrome or colour coating where it protects its surface from persisten stain and chemicals

Rust and Corrosion Resistant

Due to the selection of fine stainless and brass materials as the main production material, our products are very resistant to rust and corrosion.

Product Range

Faucet

Wash Basin

Bathtub

Bathroom Accessories

Kitchen Sink

Shower Faucet

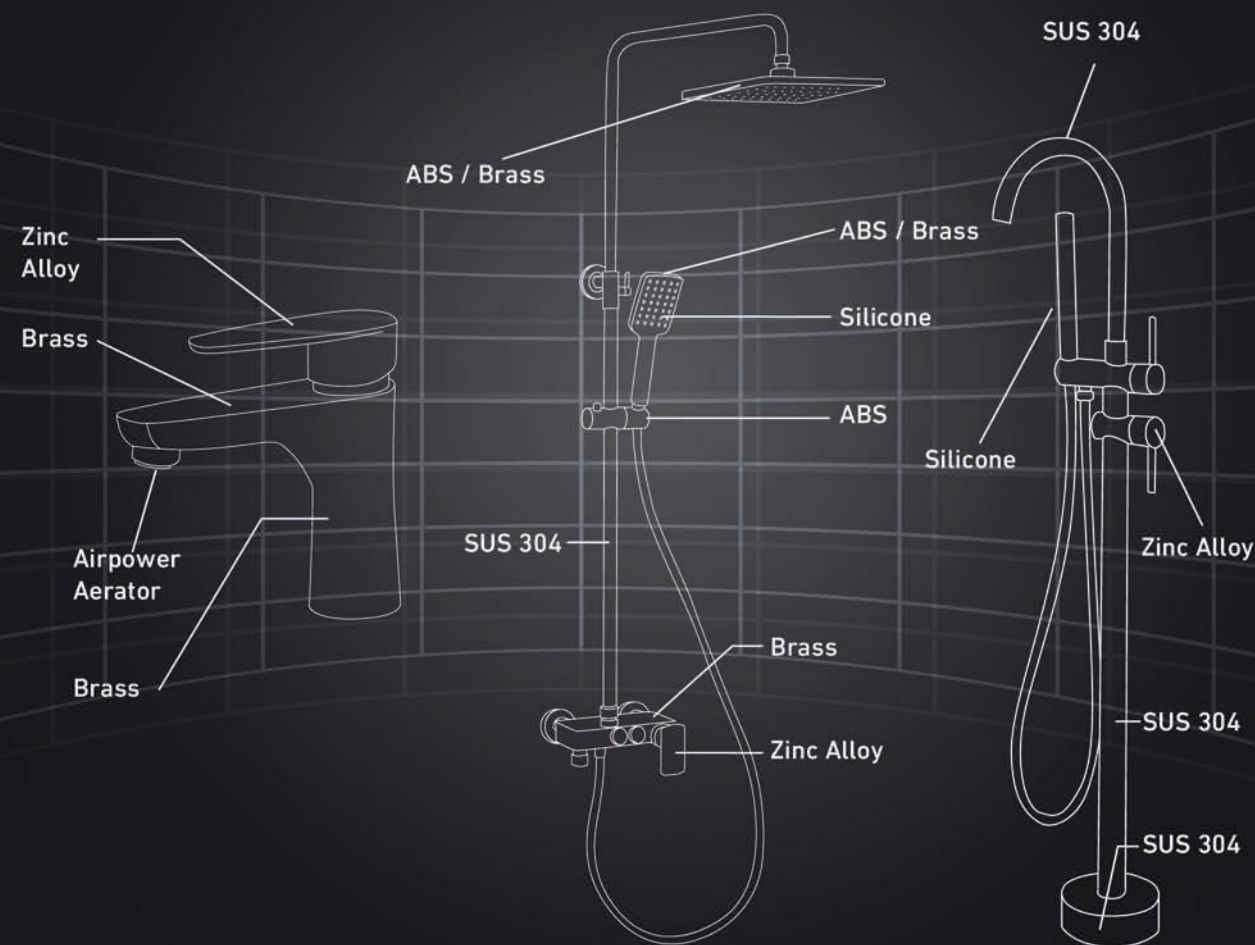

Plumbing Accessories

Vanity Basin Set

BRASS

Brass is a metal alloy of copper and zinc that typically has a golden yellow colour. valpra uses a high copper content of 65% contributing to its non corrosion properties and minimal use of leads.

SUS 304

SUS 304 is an international standard grade of stainless steel widely used to resist rust and corrosion for some of our fittings and accessories.

SUS 201

SUS 201 much like the SUS 304 material is also widely used internationally to produce non-corrosive and rust resistant bright fittings and accessories products. This material is mainly used due to more economical reason

ABS

Acrylonitrile Butadiene Styrene (ABS) is the most recent widely adopted material which is a sturdy thermoplastic polymer highly resistant to strong impacts and free of toxins. It is also excellent being used for a high water pressure which is mainly used for our handshowers and jet washers.

ZINC ALLOY

Zinc Alloy is a lightweight metal that are easily molded to be used on certain part mainly as faucet handles and some part of our accessories such as the body mount.

Coating Method

PVD COATING

Physical Vapor Deposition (PVD) Coating is vacuum deposition methods which are used to produce thin films and coatings creating molecular bond to our faucets resulting in the most durable finish. This type of finish will not corrode, dis or tarnish in the long term use.

Colour Option :

 Polished Gold

Brushed Gold

Rose Gold

COLOUR PLATING

Much like the process of chrome plating, colour plating is a process of plating a metal with the desired colour such as matt black, matt white, grey and others. Colour Plating is the highest form of embedding colours to our faucet and accessories product. This type of process treatment is treatment is used to produce a wide variety of final finishes.

Colour Option :

Matt White

Matt Black

Grey

Brushed Bronze

CHROME PLATING

Chrome Plating is a process of plating a metal with a thin layer of chromium. It is applied to our brass, zinc alloy and plastic materials to ensure the protection of the surface as well as the gloss effect for a long lasting use. This process will produce similar to nickel colour silver looking material with a brushed and vibrant finish.

Colour Option :

Chrome

Vittorio SERIES

Vittorio Series is inspired with Italian modern and luxurious design where the handle of each fittings and accessories has a soft intricate twisted brass to it. With utmost delicacy, each is designed in grey colour to deliver a combination of beauty and modernism to your interiors.

VALPRA

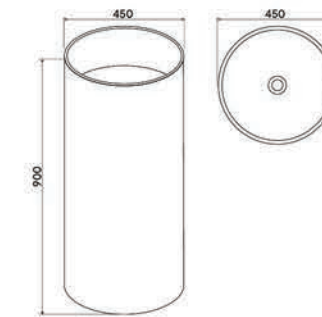

VALPRA

Granite Basin Series

Valpra Granite Wash Basin is created with mixture of Granite and composite material which is the perfect choice for any bathrooms with a broad range of colours to suit any design style. This is truly a revolutionary technology that elevates wash basins to another level.

Modern Aesthetic Design

Our product is designed to be aesthetic in every way to match interior needs for modern but minimalistic design to the bathroom designs with different size and basin shapes available for picks.

Black and Metallic

Our Granite Basin has two colour options available between matt black and metallic. Special colouring coating process ensures the colour will not fade for long lasting use.

Easy to Clean

Valpra Granite Basin is coated with special coating nano chemical to protect its surface from persistent stain and ensuring it is easy to clean.

Compact and Heavy Duty

Valpra Granite Basin is made of high quality granite and resin material ensuring its sturdiness and durability against any sharp objects, almost impervious to any incoming damage that may break this product.

Complete with Colour Basin Mixer and Drain Set

All of our Granite Basin is accomodated with high quality colour Basin Mixer and

Vanity Basin Set Series

Our Valpra Vanity Basin Set series offers a perfect combination of premium materials for both the basin and the cabinet. Featuring a sleek water tap design and complete with all necessary plumbing accessories, the Valpra Vanity Basin Set ensures a hassle-free sanitation solution. With a wide selection of cabinet and basin colours, Valpra Vanity Basins are designed to suit any interior and architectural style seamlessly.

All In One Vanity Basin Set

Valpra Vanity Basin Set is developed to be no fuss no worry product for your bathroom needs. It comes with many cabinet colours, sizes and counter top design. as well as ample space room for your vanities that can be stored in the cabinets provided. Our Vanity Basin Set as the name suggests, is also complete with mirrors.

Sintered Stone Countertops Options

Some of Valpra Bathroom Cabinet Set is combined with sintered stone countertop that has exquisite timeless natural marble designs. Sintered Stone is known as a very durable, easy to maintain and has almost poreless properties which is perfect to be placed on top of bathroom cabinets. It will be very easy to clean and not leave any stains on the bathroom countertops.

Perfect Harmony Between Stainless And Aluminium

Our Vanity Basin Set is combined with perfect combination of high quality of aluminium and stainless material ensuring not only it is compact and durable but lightweight.

Complete with Water Tap and Drain Set

All of our Vanity Basin Set is accomodated with high quality water tap and basin drainage set.

Termite Proof

None of our Bathroom Cabinet Set is made from wood.

Water Proof

Frequent exposure to water will not cause our cabinet to shrink or be damaged over time.

Light & Durable

Combination of Aluminium and Stainless material makes our cabinets light but durable.

Extra Storage

Our Mirror has hidden cabinets providing more storage for your bathroom vanities.

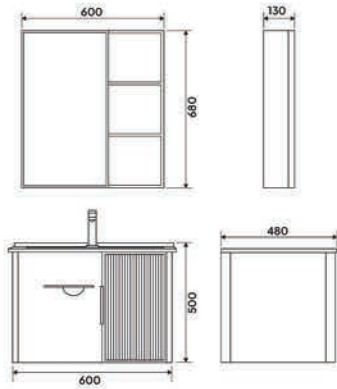

Heat & UV Resistant

Exposure to sunlight will not change or affect the shape of our cabinets.

Easy Fast Installation

Fast no fuss Installation is guaranteed because our cabinet has been installed firsthand and not knockdown parts

Kitchen Sink Series

Valpra Kitchen Sinks offer you the chance to create your perfect kitchen with a variety of premium products. We understand that the best kitchens transcend basic utilitarianism in bold and stylish ways while remaining exceptionally functional. Our sink products help you achieve complete kitchen settings where convenience and functionality synchronize with fashionable aesthetic style.

Modern Aesthetic Design

Our product is designed to be aesthetic in every way to match interior needs for modern but minimalistic design to kitchens with different bowl shapes, dimensions and colours.

Colour Options

Our Kitchen Sink has colour options available between satin chrome, grey/metallic and matt black to choose from. Granite Sink colour is derived from special colouring pigments and resins bonded together whilst Stainless Sink undergoes Nano colour coating process that ensure the colour will not fade for long lasting use.

Easy to Clean

Valpra Kitchen Sink is coated with special coating nano chemical to protect its surface from persistent stain and ensure it is easy to clean.

The Finest Core Material

Valpra Kitchen Sink is made of high quality granite and resin material whilst the stainless sink is made from high quality stainless steel ensuring its sturdiness and durability against any sharp objects, almost impervious to any incoming damage that may break this product.

All for One, One for All

All of our Granite Sink is accommodated with complete sets of high quality Colour Sink Mixer and Sink Accessories to pamper your kitchen needs whether it is to stow away dishes, our Stainless Steel Sink provides the kitchen accessories only.

Handmade Craftsmanship

Each of our stainless steel kitchen sinks is meticulously handcrafted by skilled artisans, ensuring exceptional quality and unique character.

Stain Resistant

Crafted from high-quality stainless steel, our sinks are designed to resist stains, maintaining a clean and pristine appearance with minimal effort.

Scratch & Chipping Resistant

Engineered for durability, our sinks are highly resistant to scratches and chipping, ensuring long-lasting beauty and functionality in your kitchen.

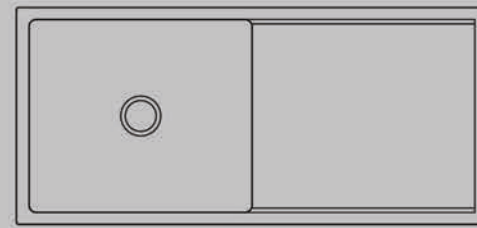

Satin Chroming Process

Our sinks feature an elegant satin chrome finish, achieved through a specialized chroming process, enhancing both aesthetics and durability.
